

Kingdom Wealth Vision Board

INTRODUCTION & INSTRUCTIONS

Why Create a Kingdom Wealth Vision Board?

A Kingdom Wealth Vision Board is more than just a collage of dreams – it is a faith-driven tool that aligns your goals, finances, and life purpose with God’s Word. By writing the vision and making it plain (Habakkuk 2:2), you create a constant reminder of what you are believing for, what you are working toward, and how God’s promises are guiding your steps.

This is not just about wealth, but about Kingdom stewardship – building a life of abundance, influence, and legacy that honors God and empowers others.

How to Use This Template

1. Pray First – Begin with prayer, asking God for wisdom and clarity as you build your vision.
2. Choose Your Format – Print this template and attach images or words on:
 - A poster board or card board for your home or office
 - A digital version for your phone, tablet, or computer
 - A mini version (journal or card-sized) to carry with you
3. Define Your Categories – Use each section (Vision, Goals, Scripture, Affirmations, Prayer, Action Steps) to capture your desires and commitments in that area.
4. Incorporate Scripture – Anchor every image, statement, or dream to God’s Word. This ensures your vision aligns with Kingdom principles, not just personal ambition.
5. Add Visuals – Cut out pictures, use digital images, or write keywords that inspire you. Be intentional about the visuals you select.
6. Speak It Daily – Review your board each morning and evening. Speak affirmations and scriptures aloud as declarations of faith.
7. Update Regularly – As prayers are answered and goals are achieved, refresh your board to reflect new vision and growth.

Remember

This vision board is not a wish list – it is a faith tool. Every time you look at it, you are reminded of God’s promises, your responsibility as a steward, and the action steps needed to walk into Kingdom prosperity.

Instruction Reminder: Keep it visible. Keep it active. Keep it aligned with God’s Word.

Vision Board
